AGENDA Item No: 01.06.21 Executive Director's Report:

**Recommended Board Action:** 

None: For Information Only

Rational:

**Executive Director Report:** 

# 1. 1115 Transformation Waiver Update:

As noted at our last meeting on November 15, 2021, the Centers for Medicare and Medicaid Services (CMS) approved the Directed Payment Program for Behavioral Health Services (DPP BHS). This is one of the two 1115 Waiver programs that was supposed to start in September and help in easing the transition from the current DSRIP funding we currently receive. With this approval, we started receiving our first payments in January and are familiarizing ourselves with how to reconcile them against our projected estimates. The DSRIP extension for next year is currently on hold as the state and federal Medicaid offices have reached an impasse on issues connected to the hospital system method of financing their local match requirements. HHSC is holding its application for the extension until a solution can be determined.

# 2. COVID Response:

As with other Centers, we have seen an upsurge of new infections among both staff and clients. Most staff are experiencing mild symptoms but still having to be out for the recommended 5-day period. The rate of infections has again caused closures of some day-habilitation facilities and coverage shortages in residential programs. Another development occurred when the Supreme Court upheld CMS' vaccine requirements for health care workers, which has affected our IDD ICF residential program. Those staff have all now been vaccinated.

### Kronos Related Issue

Our center was one of many business and municipalities that were affected by the Kronos – UKG workforce scheduling and payroll software ransomware attack. In our case, the impact was limited since we were in the process of transitioning to their upgraded platform, UKG-Pro which was unaffected by the attack. However, it did delay our closing of the December financials. Those will be reviewed at the next Board meeting.

# 4. Texas Council Update:

The Executive Directors Consortium and the Health Opportunities Workgroup are met last week and continue to work on the 1115 Waiver transition. A major focus is to understand how the Public Health care Provider – Charity Care Pool will be implemented and to review the managed care payments made through the directed payment program.

5. Provider Relief Funding Awards for Rural Providers (ARP Phase-4)

On November 23<sup>rd</sup>, The Federal Office of Rural Resources Services Administration (HRSA) began distributing \$7.5 billion in American Rescue Plan (ARP) Rural payments to health care providers who serve rural Medicaid, Children's Health Insurance Program, and Medicare patients. Health care organizations can use these payments to make up for the lost revenues and increased expenses caused by the pandemic. Lakes Regional was awarded 518,000 and has 90 days to attest our agreement in the terms and conditions for the payment. Since our last meeting we also received an additional 78,000 in Phase IV funding that requires the same attestation agreement.

# 1. Training Centers:

 We have had to close Paris, Sulphur Springs, Terrell and Ennis Training Centers, intermittently due to an increase of positive Covid cases.

# 2. Employment Services:

 Lakes, HHSC representative and GM at Mathew's Auto Group in Paris met to discuss potential employment opportunities. GM would like a "10 point check off list" that would be completed at end of service completion. He would like to employ several IDD individuals for different part time shifts between 2 Paris locations.

# 3. PASRR

 Several Nursing Facilities (NF) have positive Covid cases. We continue providing individualized services at (NF) with negative individuals. IDD provides Independent Living Skills and Behavior Support Services.

# 4. HCS/ICF Group Homes:

- HCS/ICF beds are all occupied.
- ICF has suspended all group outings.
- Within the last 3 weeks, several staff and individuals have tested positive for Covid across the 12 counties.

# 5. Audits/Surveys:

Central Region has 3 Utilization Reviews open at this time, 2 for HCS, and 1 for TxHmL.

# 6. Telehealth:

- Hospital Discharges (3) = Corsicana- 2, Waxahachie- 1

# Outpatient Biopsychosocial Intervention Team (OBI):

- Serving 27 individuals with IDD and Behavioral Health needs.
- February 9<sup>th</sup> and 17<sup>th</sup>, OBI will be hosting "Thrive and Survive," a workshop for families and caregivers of individuals with IDD and Behavioral Health needs. See Attached

# 8. CMHC Grant:

- Tele-Med Case Manager \*(TCM) 50 case management contacts in December 2021.
- CM contacts include hospital discharges, no shows and routine follow-ups that require additional assistance.

# 9. Staff Vacancies:

- 8 Residential Trainers
- 1 Provider Care Coordinator North
- 1 Rockwall Training Center Staff
- 1 OBI Collaborative Case Manager
- 1 Supported Employment Specialist

# 10. Concerns:

• DFPS took 8 months to complete an APS investigation, throughout this time the staff are unable to work face to face with individuals.

### 11. Announcements:

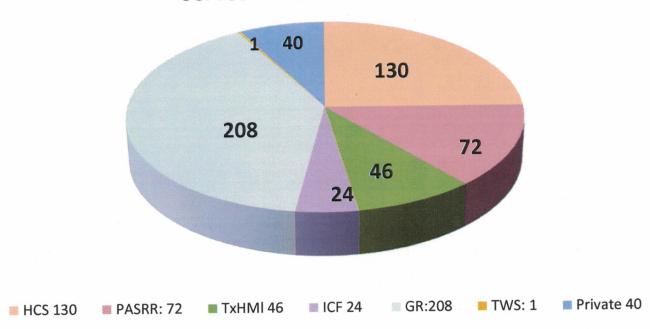

- Dr. Lloyd announced his retirement for April 14, 2022.
- Marie Aughtry, Hunt County Regional Director plans to move closer to family in West Virginia, sometime between April & June of 2022.
- Both of these losses will be a significant loss to our IDDP system of care.

# **AGENDA ITEM NO. 01.10.22**

# **Recommendation for Approval**

➤ Review and take possible action to approve the TY 2022-2023 Quality Management Plan The major changes from the previous plan are described below:

#### Rationale:

Motion to approve 2022-2023 Quality Management Plan

# Description:

The QM plan describes what processes are in place to ensure individuals are receiving quality care. The FY22-23 QM Plan represents IDD, MH, & SUD instead of having separate QM plans. The Texas Administrative Code (TAC) mandates that the MH & SUD QM Plan is approved by the board at least once each biennium.

Information that applies to all three programs are in the main body of the QM Plan. Program specific information are in the attachments. MH & SUD will continue the peer review process with QM completing a walk behind to ensure that staff are auditing the same way as QM. IDD will continue to conduct quarterly chart audits.

# Main Changes

- Combined the MH & SUD QM Plan with the IDD QM Plan
- MH Project review and update procedures and develop a procedure manual
- Added SUD goals: 1. reviewing the procedures at least annually and 2. conducting at least one audit per year
- Instead of program specific information being in the body of the QM plan, it is now in attachments
  - Attachment A MH
  - o Attachment B SUD
  - Attachment C IDD
  - Attachment D KPI

# AGENDA ITEM NO. 01.11.22

Human Resources Report

# **Recommended Board Action:**

None; information only.

# 1. Staffing Issues

# > Headcount

We had a total of 457 authorized FTEs and 393 employees in the month of November and 441 FTEs with 395 employees during the month of December. We filled five positions in November and four in December, one of the positions filled in December was an internal transfer while the rest were new hires. During the month of November, we had 64 vacancies, which were including the ones that we were not hiring for, during the month of December, the vacancies were aligned with the budget and we had 46 vacancies.

# > Separations

We had eight separations in November and four in December, all of them were voluntary. Some of the reasons mentioned during exit interviews were the following; moving to different city, commute was not feasible at the moment, pursing Master's Degree, seeking new opportunity and dealing with personal issues.

### > Recruitment

Some of the sources used to advertise our openings were Indeed, Newspapers, Colleges and Universities website, Facebook, Texas Workforce Commission website and Chambers of Commerce.

# > Training and Development

During November and December, we had 24 classes with a total of 72 participants. Trainings for this month were CPR (*Cardio Pulmonary Resuscitation*), and SAMA (*Satori Alternatives for Managing Aggression*).

# 2. Compensation & Benefits

- ➤ COVID exposures during the month of November were low; we had two people who reported exposure and only one test positive. During the month of December we had a dramatic increase in cases, we had 17 employees who reported exposure and all of them tested positive. We received 10 request for time from the COVID Sick Leave Pool and a total of 386 hours were granted.
- > We had one large claim, which also exceeded the stop loss on November.
