John Delaney highlighted the achievement of Clara and her staff on becoming accredited with the NCQA. There are only seven other Texas Community Centers who hold this distinction, and we re the most recent to achieve this 3year accreditation from the NCQA with a scoring of 100%. There is no monetary gain; however, Managed Care Organizations recognize the designation in their provider system. Cas Management services approximately 1,400 people.

> Fiscal Year 2023 Budget Preparation and Board Schedule:

- At the August meeting, the Human Resource and Budget/Finance Committees will have a tandem meeting to review the budget and proposed benefit package and recommend to the full board. The August meeting will be held in Rockwall. Some assumptions based on the two prior years to determine what this next year will be. Do not expect that general revenue will change too much.
- Status of ARPA and COVID Relief Health Care Grants: American Rescue Plan for long-term and nursing homes. An enhanced rate adjustment for every TxHmL and ICF, upping the federal share of what the state receives. Approximately \$61,000 a month from March through August. Funds can carry over into a couple of months.
- Question: Jan Brecht-Clark asked whether the monthly bonuses were paid through separate checks as she recommends keeping it separate from the employee payroll checks. Confirmed that the bonuses are paid separate.

Texas Council Update:

The state is rolling out the national 988 Suicide & Crisis Lifeline. It is out there and live. There will be a lot more press on it. July 16th it spiked. There are four lifeline centers in Texas, and they are looking at the rural centers to be back-up.

Lakes Regional Community Center Attention: Erwin L. Hancock 400 Airport Rd. Terrell, Texas 75160

Board of Trustees and Chief Financial Officer:

You have requested that we audit the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Lakes Regional Community Center (Center), as of September 30, 2022, and for the year then ended, and the related notes to the financial statements, which collectively comprise the Center's basic financial statements as listed in the table of contents.

In addition, we will audit the Center's compliance over major federal and state award programs for the period ended September 30, 2022. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter. Our audits will be conducted with the objectives of our expressing an opinion on each opinion unit and an opinion on compliance regarding the Center's major federal and state award programs. The objectives of our audit of the financial statements are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The objectives of our compliance audit are to obtain sufficient appropriate audit evidence to form an opinion and report at the level specified in the governmental audit requirement about whether the Center complied in all material respects with the applicable compliance requirements and identify audit and reporting requirements specified in the governmental audit requirement that are supplementary to GAAS and Government Auditing Standards, if any, and perform procedures to address those requirements.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and certain budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information (RSI) in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by accounting principles generally accepted in the United States of America. This RSI will be subjected to certain limited procedures but will not be audited:

- Management's Discussion and Analysis
- Budgetary Schedule General Fund.

Also, the document we submit to you will include the following other additional information that will not be subjected to the auditing procedures applied in our audit of the financial statements:

- Certificate of Board
- List of Principal Officials
- Schedule of Revenue and Expenditures by Source of Funds General Fund
- Reconciliation of Total Revenue to Fourth Quarter Financial Report
- Reconciliation of Fourth Quarter Financial Report to Audited Expenditures
- Schedule of Indirect Costs
- Schedule of Lease and Rental Commitments
- Schedule of Insurance in Effect
- Schedule of Bonded Employees
- Schedule of Space Occupied in a State-Owned Facility
- Schedule of Professional and Consulting Services
- Schedule of Legal Services.

Schedule of Expenditures of Federal and State Awards

We will subject the schedule of expenditures of federal and state awards to the auditing procedures applied in our audit of the basic financial statements and certain additional procedures, including comparing and reconciling the schedule to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and additional procedures in accordance with auditing standards generally accepted in the United States of America. We intend to provide an opinion on whether the schedule of expenditures of federal and state awards is presented fairly in all material respects in relation to the financial statements as a whole.

Data Collection Form

Prior to the completion of our engagement, we will complete the sections of the Data Collection Form that are our responsibility. The form will summarize our audit findings, amounts and conclusions. It is management's responsibility to submit a reporting package including financial statements, schedule of expenditure of federal awards, summary schedule of prior audit findings and corrective action plan along with the Data Collection Form to the federal audit clearinghouse. The financial reporting package must be text searchable, unencrypted, and unlocked. Otherwise, the reporting package will not be accepted by the federal audit clearinghouse. We will assist you in the electronic submission and certification. You may request from us copies of our report for you to include with the reporting package submitted to pass-through entities.

The Data Collection Form is required to be submitted within the earlier of 30 days after receipt of our auditors' reports or nine months after the end of the audit period, unless specifically waived by a federal cognizant or oversight agency for audits. Data Collection Forms submitted untimely are one of the factors in assessing programs at a higher risk.

Audit of the Financial Statements

We will conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America; the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); the *Texas Grant Management Standards* (TxGMS); and the *Guidelines for Annual Financial and Compliance Audits of Community MHMR Centers* (Guidelines), issued by the Texas Health and Human Services Commission.

As part of an audit of financial statements in accordance with GAAS and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, design and perform audit procedures responsive to those risks, and
 obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The
 risk of not detecting a material misstatement resulting from fraud is higher than for one
 resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Center's Internal control. However, we will communicate
 to you in writing concerning any significant deficiencies or material weaknesses in internal
 control relevant to the audit of the financial statements that we have identified during the
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
 accounting estimates made by management, as well as evaluate the overall presentation of
 the financial statements, including the disclosures, and whether the financial statements
 represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Center's ability to continue as a going concern for a reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements or noncompliance may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards* of the Comptroller General of the United States of America. Please note that the determination of abuse is subjective, and *Government Auditing Standards* does not require auditors to detect abuse.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any other periods.

We will issue a written report upon completion of our audit of the Center's basic financial statements. Our report will be addressed to those charged with governance of the Center. Circumstances may

arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s) to our auditor's report, or if necessary, withdraw from the engagement. If our opinions on the basic financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

In accordance with the requirements of *Government Auditing Standards*, we will also issue a written report describing the scope of our testing over internal control over financial reporting and over compliance with laws, regulations, and provisions of grants and contracts, including the results of that testing. However, providing an opinion on internal control and compliance over financial reporting will not be an objective of the audit and, therefore, no such opinion will be expressed.

Audit of Major Program Compliance

Our audit of the Center's major federal and state award program(s) compliance will be conducted in accordance with the requirements of the Single Audit Act, as amended, the Uniform Guidance, and TxGMS, which will include tests of accounting records, a determination of major programs in accordance with the Uniform Guidance and TxGMS and other procedures we consider necessary to enable us to express such an opinion on major federal and state award programs compliance and to render the required reports. We cannot provide assurance that an unmodified opinion on compliance will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or withdraw from the engagement.

The Uniform Guidance and TxGMS require that we also plan and perform the audit to obtain reasonable assurance about whether material noncompliance with applicable laws and regulations, the provisions of contracts and grant agreements applicable to major federal and state award programs, and the applicable compliance requirements occurred, whether due to fraud or error, and express an opinion on the Center's compliance based on the audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, the Uniform Guidance, and TxGMS will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Center's compliance with the requirements of the federal and state programs as a whole.

As part of a compliance audit in accordance with GAAS and *Government Auditing Standards* of the Comptroller General of the United States of America, we exercise professional judgment and maintain professional skepticism throughout the audit. We also identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Our procedures will consist of determining major federal and state programs and, performing the applicable procedures described in the U.S. Office of Management and Budget *OMB Compliance Supplement* and TxGMS for the types of compliance requirements that could have a direct and material effect on each of the Center's major programs, and performing such other procedures as we consider necessary in the circumstances. The purpose of those procedures will be to express an opinion on the Center's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance and TxGMS.

Also, as required by the Uniform Guidance and TxGMS, we will obtain an understanding of the Center's internal control over compliance relevant to the audit in order to design and perform tests of controls to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each of the Center's major federal and state award programs. Our tests will be less in scope than would be necessary to render an opinion on these controls and, accordingly, no opinion will be expressed in our report. However, we will communicate to you, regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we have identified during the audit.

We will issue a report on compliance that will include an opinion or disclaimer of opinion regarding the Center's major federal and state award programs, and a report on internal controls over compliance that will report any significant deficiencies and material weaknesses identified; however, such report will not express an opinion on internal control.

The timing of our audit will be scheduled for performance and completion as follows:

		Revised Date:
		Revised Date:

Subject: Char	ity Care Policy 4.08	Page <u>1</u> of <u>7</u>

Purpose:

To establish a method to provide care to consumers in need of financial assistance.

<u>Policy:</u> It is the policy of the Board of Trustees that Lakes Regional MHMR (the Center) provide financial assistance through Charity Care to persons who have healthcare needs and are uninsured, underinsured, or otherwise unable to pay, for medically necessary care based on their individual financial situation. The Center strives to ensure that the financial capacity of consumers who need quality healthcare services does not prevent them from seeking or receiving care.

This policy includes:

- Eligibility criteria for financial assistance free and discounted (partial charity care)
- Describes the basis for calculating amounts charged to consumers served eligible for financial assistance under this policy
- Describes the method by which consumers served may apply for financial assistance
- Describes how the Center will widely publicize the policy to the Community
- Limits the amounts that the Center will charge for eligible services provided to consumers qualifying for financial assistance to the amount generally billed (received by) the Center for private and public insurance (Medicaid, Medicare, etc.).

Consumers are expected to cooperate with the Center's procedures for obtaining charity care or other forms of payment or financial assistance, and to contribute to the cost of their care based on their individual ability to pay subject to the rules, regulations, and contractual requirements of the Center's various funding agencies.

To manage its resources responsibly and to allow the Center to provide the appropriate level of assistance to the greatest number of people in need, the Board of Trustees establishes the following guidelines for the provision of consumer charity care.

Definitions:

Policy of the Board of Trustees

Policy Area: Reimbursement / Billing Management Effective Date: 10/1/2022 Revised Date: Revised Date: Revised Date: Subject: Charity Care Policy 4.08 Page 2 of 7

Charity Care: Healthcare services that have been or will be provided but are never expected to result in cash inflows. Charity care results from the Center's policy to provide healthcare services free or at a discount to consumers who meet the established criteria.

Bad Debt: Healthcare services that have been or will be provided and cash inflow is anticipated for all or a portion of the charge. Includes the monthly Sliding Scale Fee Schedule charges not collected for consumers above 150% of FPL. Bad Debt is not eligible for reimbursement from federal charity care programs

Family: According to the Census Bureau, a group of two (2) or more people who reside together and who are related by birth, marriage, or adoption. In addition, according to Internal Revenue Service rules, if a consumer claims someone as a dependent on his/her income tax return, that person may be considered a dependent for purposes of the provision of financial assistance.

Family Income: Family Income is determined using the Census Bureau definition, which uses the following income when computing federal poverty guidelines:

- Includes earnings, unemployment compensation, workers' compensation, Social Security, Supplemental Security Income, public assistance, veterans' payments, survivor benefits, pension or retirement income, interest, dividends, rents, royalties, income from estates, trusts, educational assistance, alimony, child support, assistance from outside the household, and other miscellaneous sources.
- Noncash benefits (such as food stamps and housing subsidies) do not count.
- Determined on a before-tax basis.
- Excludes capital gains or losses; and
- If a person lives with a family, includes the income of all family members (non-relatives, such as housemates, do not count).

Uninsured: A person who has no level of insurance or third-party assistance with meeting his/her payment obligations.

PROCEDURES:

- A. <u>Services Eligible Under This Policy.</u> For purposes of this policy, "charity care" or "financial assistance" refers to healthcare services provided by the Center without charge or at a discount to qualifying consumers. The following healthcare services are eligible for charity care:
 - 1. Behavioral health services
 - 2. Immunizations
 - 3. Public health services
 - 4. Other preventative services
- B. Eligibility for Charity Care. Eligibility for charity care will be considered for those consumers who are uninsured, underinsured, and who are unable to pay for their care, based upon a determination of financial need in accordance with this Policy. The granting of charity care is based on an individualized determination of financial need, and does not consider age, gender, race, social or immigrant status, sexual orientation, or religious affiliation.
- C. Method by Which Consumers May Apply or be Assessed for Charity Care.
 - 1. Financial need is determined in accordance with procedures that involve an individual assessment of financial need; and may
 - a. Include an application or assessment process, in which the consumer or the consumer's Legally Authorized Representative (LAR) are required to cooperate and supply personal financial and other information and documentation relevant to making a determination of financial need.
 - b. Include the use of external publicly available data sources that provide information on a consumer's or LAR's ability to pay (such as credit scoring).
 - c. Include reasonable efforts by the Center to explore appropriate alternative sources of payment and coverage from public and private payment programs, and to assist consumers to apply for such programs.
 - d. Consider the consumer's available assets, and all other financial resources available to the consumer.

Policy of the Board of Trustees

- Include a review of the consumer's outstanding accounts receivable for prior e. services rendered and the consumer's payment history.
- A request or assessment for charity care and a determination of financial need can be 2. done at any point in the collection cycle but is preferred to be completed within the first 30 days of treatment. The need for financial assistance is re-evaluated annually and whenever a significant change has occurred which affects the consumer's or LAR's eligibility for charity care.
- The Center's values of human dignity and stewardship shall be reflected in the 3. application, financial need determination and granting of charity care. Requests for charity care shall be processed promptly with notification to the consumer or LAR in writing within 30 days of receipt of a completed application or assessment.
- Presumptive Financial Assistance Eligibility. There are instances when a consumer may D. appear eligible for charity care discounts, but there is no financial assistance form on file due to a lack of supporting documentation. Often there is adequate information provided by the consumer served or through other sources, which provide sufficient evidence to provide the consumer with charity care assistance. In the event there is no evidence to support a consumer's eligibility for charity care, the Center can use outside agencies in determining estimated income amounts for the basis of determining charity care eligibility and potential discount amounts. Once determined, due to the inherent nature of the presumptive circumstances, the only discount that can be granted is a 100% write-off of the account balance. Presumptive eligibility may be determined based on individual life circumstances that may include: 1.
 - State-funded prescription programs.
 - 2. Homeless or received care from a homeless clinic. 3.
 - Participation in Women, Infants and Children programs (WIC).
 - 4. Food stamp eligibility.
 - Subsidized school lunch program eligibility. 5.
 - Eligibility for other state or local assistance programs that are unfunded (e.g., 6. Medicaid spend-down). 7.
 - Low income/subsidized housing is provided as a valid address; and
 - 8. Consumer is deceased with no known estate.

- E. <u>Eligibility Criteria and Amounts Charged to Consumers.</u> Services eligible under this Policy are made available to consumers on Sliding Scale Fee Schedules, in accordance with financial need, as determined in reference to Federal Poverty Levels (FPL) in effect at the time of the determination. The basis for the amounts charged to consumers served who qualify for financial assistance is as follows:
 - 1. Consumers whose family income is at or below 150% of the FPL are eligible to receive services at a discount of 100%.
 - Consumers whose family income is above 150% but not more than 200% of the FPL using Sliding Scale Fee Schedules. Uncollected fees assessed are Bad Debt and ineligible for reimbursement under federal charity care programs.
 Consumers whose family income and 2000/2007 are programs.
 - 3. Consumers whose family income exceeds 200% of the FPL may be eligible to receive discounted rates on a case-by-case basis based on their specific circumstances, such as catastrophic illness or medical indigence, at the discretion of the Center; however, the discounted rates shall not be greater than the amounts generally billed to private or public insurance and discounted using Sliding Scale Fee Schedules. Uncollected fees assessed are Bad Debt and ineligible for reimbursement under federal charity care programs.
- Community. Notification about charity care available from the Center, includes a contact number, and is disseminated by various means, which includes, but are not limited to, the publication of notices in monthly statements and by posting notices in clinics, waiting areas, intake and assessment, business offices, and financial services that are located in Center facilities, and other public places as elected. The Center widely publicizes a summary of this charity care policy on the Center website, in brochures available in consumer access sites and at other places within the community served by the Center. Such notices and summary information are provided in accordance with the Center's Cultural and Linguistic Competency Plan.
- G. Relationship to Collection Policies. The Center develops policies and procedures for internal and external collection practices that take into account the extent to which the consumer qualifies for charity care, a consumer's good faith effort to apply for charity care from the Center, and a consumer's good faith effort to comply with his or her payment agreements with the Center. For consumers who qualify for charity care and who are

cooperating in good faith to resolve their discounted bills, the Center may offer extended payment plans, will not send unpaid bills to outside collection agencies, and will cease all collection efforts. The Center will not impose extraordinary collections actions such as wage garnishments; liens on primary residences, or other legal actions for any consumer without first making reasonable efforts to determine whether that consumer is eligible for charity care under this financial assistance policy. Reasonable efforts shall include:

1. Validating that the consumer owes the unpaid charges and that all sources of third-party payment have been identified and billed by the Center.

2. Documentation that the Center has attempted to offer the consumer the opportunity to apply or be assessed for charity care pursuant to this policy and that the consumer has not complied with the Center's financial assessment requirements.

3. Documentation that the consumer does not qualify for financial assistance on a presumptive basis.

- 4. Documentation that the consumer has been offered a payment plan but has not honored the terms of that plan.
- H. Regulatory Requirements. Implementation of this Policy does not negate or supersede compliance with all other federal, state, and local laws, rules, and regulations applicable to the services outlined herein.
- I. <u>Staff Training Requirements.</u> Staff will adhere to parameters outlined in TAC Rule §355.8215 and Healthcare Financial Management Association guidance found in the June, 2019 Statement 15: "Valuation and Financial Statement Presentation of Charity Care, Implicit Price Concessions and Bad Debts by Institutional Health Care Providers" in relation Charity Care.

AGENDA Item No: 08.06.22 Executive Director's Report:

Recommended Board Action:

None: For Information Only

Rational:

Executive Director Report:

1. 1115 Transformation Waiver Update:

We received our final DSRIP payment earlier this month. From now on we will be utilizing two new 1115 Waiver funding strategies: the Behavior Health Directed Payment Program (BHS-DPP) and the Public Healthcare Provider – Charity Care Pool (PHP-CCP) to replace as much of the DSRIP program funding as possible.

The PHP-CCP is the program to provide uncompensated care reimbursement to help cover our costs for services to uninsured and indigent clients. It follows the federal fiscal year calendar of October 1 through September 30th. It requires that the Board adopt a Charity Care policy similar to that used by hospitals. The first cost report for this program is due on November 14th. It will cover costs incurred in the previous 12-month period.

2. Fiscal Year 2023 Budget Preparation and Board Schedule:

The Board's Human Resource and the Budget and Finance Committees will meet prior to the main Board meeting to review the proposed benefit package and budget for this coming year. As we have done in past years, we will schedule the committees to meet at an earlier time on the same date as the regular Board meeting. Aside from the major changes in the 1115 financing strategies, our other revenue streams will be much like this year. We will be preparing an RFP later in the upcoming fiscal year for a new Electronic Health Record system. This will be a major effort, but any implementation of a new system will be in FY-24.

3. Texas Council Update:

The Council's Health Opportunities Workgroup (HOW) is proceeding with materials to assist with Center implementation of the Public Healthcare Provider — Charity Care Pool, and the Behavioral Health Directed Payment Programs. As we end the first fiscal year implementation of the BHS-DPP program, Council staff are reviewing Center data on payments and whether HHSC will be requesting any regional reconciliation based on service utilization patterns.

The HOW and the TX. Council are gearing up for the upcoming legislative session. It appears that state agencies' initial budget instructions may include exceptional items in their requests to the legislature. This is due to the strong unusually high comptroller biennial state revenue estimate released last month to the legislative budget board. There will be more information on this after the upcoming E.D. Consortium later this month.

4. HHSC Performance Contracts/Grants

We have not received any updated amendments to our current agency performance contracts during this month.

5. ETBHN Update:

Member Centers are going to host a summit in early September to review the current state of services provided to our child and adolescent population. This will be at Tri-County Community Center in Conroe and will include speakers from the Meadows Foundation on Mental Health and a panel of service presentations by member Center staff.
